

EXECUTIVE FINANCE PROGRAMME

Budget Planning, Forecasting and Financial Control

PROGRAMME FORMAT

Course duration: Not stated

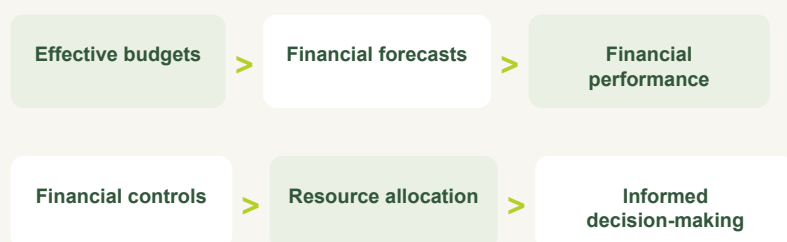

Course Fee: Not stated

INTRODUCTION

Course overview

Budget Planning, Forecasting and Financial Control is designed to equip professionals and business leaders with practical skills for developing effective budgets, preparing reliable financial forecasts, monitoring financial performance, and strengthening organisational financial controls. The course focuses on improving resource allocation, cost management, financial accountability, and informed decision-making.

THE FINANCE LEARNING JOURNEY

COURSE OBJECTIVES

Learning objectives

By the end of the programme, participants will be able to:

01

BUILD THE FOUNDATION

- Develop structured and realistic organisational budgets.
- Apply effective budgeting and forecasting techniques.
- Analyse financial performance against approved budgets.

02

APPLY THE DISCIPLINE

- Identify and manage budget variances and cost pressures.
- Strengthen financial controls and accountability.
- Improve cash flow planning and resource allocation.

03

SUPPORT BETTER DECISIONS

- Use financial information to support strategic decision-making.

TRAINING METHODOLOGY

Training approach

The training combines facilitator-led presentations, practical budgeting exercises, financial case studies, group discussions, forecasting simulations, variance analysis, and real-world business scenarios.

● Facilitator-led presentations

● Practical budgeting exercises

● Financial case studies

● Group discussions
