

EXECUTIVE FINANCE PROGRAMME

Capital Investment Evaluation and Business Case Development

PROGRAMME FORMAT

Course duration: Not stated

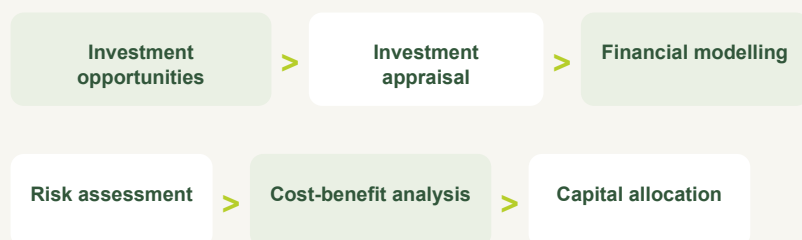

Course Fee: Not stated

INTRODUCTION

Course overview

Capital Investment Evaluation and Business Case Development equips business leaders, finance professionals, and decision-makers with the practical skills required to assess investment opportunities and develop compelling, financially sound business cases. The course focuses on investment appraisal, financial modelling, risk assessment, cost-benefit analysis, and strategic evaluation to support informed capital allocation and sustainable business growth.

THE FINANCE LEARNING JOURNEY

COURSE OBJECTIVES

Learning objectives

By the end of the programme, participants will be able to:

01

BUILD THE FOUNDATION

- Understand the principles and processes of capital investment evaluation.
- Identify and assess viable investment opportunities.
- Apply investment appraisal techniques to capital projects.

02

APPLY THE DISCIPLINE

- Develop realistic financial projections and investment models.
- Evaluate project profitability, returns, costs, and risks.
- Conduct cost-benefit and sensitivity analyses.

03

SUPPORT BETTER DECISIONS

- Develop clear, evidence-based business cases for management approval.
- Make informed capital allocation and investment decisions.

TRAINING METHODOLOGY

Training approach

The training adopts a practical and interactive approach using expert-led presentations, real-world investment case studies, financial modelling exercises, group discussions, investment appraisal scenarios, and business case development workshops.

● Expert-led presentations

● Real-world investment case studies

● Financial modelling exercises

● Group discussions

● Investment appraisal scenarios

● Business case development workshops

Participants will apply the concepts learned to realistic capital investment situations.
