

EXECUTIVE HSE PROGRAMME

Emergency Preparedness, Crisis Response and Recovery

PROGRAMME FORMAT

Course duration: Not stated

Course Fee: Not stated

INTRODUCTION

Course overview

Emergency Preparedness, Crisis Response and Recovery equips professionals and organisational leaders with the knowledge and practical skills required to prepare for emergencies, respond effectively to crises, and restore normal operations after disruptive events. The course focuses on emergency planning, risk assessment, crisis communication, incident coordination, business continuity, recovery planning, and organisational resilience.

THE HSE LEARNING JOURNEY

COURSE OBJECTIVES

Learning objectives

By the end of the programme, participants will be able to:

01

BUILD THE FOUNDATION

- Develop effective emergency preparedness and response plans.
- Identify potential hazards, vulnerabilities, and organisational risks.
- Establish clear crisis management roles and response procedures.

02

APPLY THE DISCIPLINE

- Coordinate resources and teams during emergency situations.
- Apply effective crisis communication and stakeholder engagement strategies.
- Develop business continuity and disaster recovery measures.

03

SUPPORT BETTER DECISIONS

- Manage post-crisis recovery, evaluation, and organisational improvement.
- Strengthen organisational resilience and readiness for future emergencies.

TRAINING METHODOLOGY

Training approach

The training combines expert-led presentations, emergency response simulations, crisis-management case studies, scenario-based exercises, group discussions, emergency planning workshops, and practical response activities.

● Expert-led presentations

● Emergency response simulations

● Crisis-management case studies

● Scenario-based exercises

● Group discussions

● Emergency planning workshops

● Practical response activities

Participants will apply preparedness and crisis management principles to realistic organisational situations.

TRAINING BENEFITS

Training benefits

BENEFITS 01

- Improve organisational preparedness for emergencies and crises.
- Respond quickly and effectively to disruptive events.
- Strengthen crisis leadership, communication, and coordination.
- Minimise operational disruption, financial losses, and reputational damage.

BENEFITS 02

- Develop practical business continuity and recovery strategies.
- Improve decision-making under pressure and uncertainty.
- Strengthen organisational resilience and stakeholder confidence.
- Establish structured processes for continuous improvement after crises.

PARTICIPANT PROFILE
