

EXECUTIVE HSE PROGRAMME

Enterprise Risk Management and Operational Resilience

PROGRAMME FORMAT

Course duration: Not stated

Course Fee: Not stated

INTRODUCTION

Course overview

Enterprise Risk Management and Operational Resilience equips business leaders and professionals with the knowledge and practical skills required to identify, assess, manage, and monitor enterprise-wide risks while building organisations capable of responding effectively to disruptions. The course focuses on integrated risk management, business continuity, crisis preparedness, resilience planning, governance, and strategic risk-based decision-making.

THE HSE LEARNING JOURNEY

COURSE OBJECTIVES

Learning objectives

By the end of the programme, participants will be able to:

01

BUILD THE FOUNDATION

- Understand the principles and frameworks of Enterprise Risk Management.
- Identify, assess, prioritise, and monitor enterprise-wide risks.
- Develop effective risk mitigation and response strategies.

02

APPLY THE DISCIPLINE

- Establish risk governance structures and accountability mechanisms.
- Develop business continuity and operational resilience strategies.
- Prepare organisations to respond effectively to crises and disruptions.

03

SUPPORT BETTER DECISIONS

- Strengthen risk reporting and executive decision-making.
- Integrate risk management into strategic planning and organisational performance.

TRAINING METHODOLOGY

Training approach

The training combines expert-led presentations, practical risk assessment exercises, case studies, business continuity scenarios, crisis simulations, group discussions, risk mapping activities, and real-world organisational examples.

● Expert-led presentations

● Practical risk assessment exercises

● Case studies

● Business continuity scenarios

● Crisis simulations

● Group discussions

● Risk mapping activities

● Real-world organisational examples

Participants will apply resilience and risk management concepts to practical business situations.

TRAINING BENEFITS

Training benefits

BENEFITS 01

- Identify and manage critical enterprise risks effectively.
- Strengthen organisational resilience and preparedness.
