

EXECUTIVE FINANCE PROGRAMME

Financial Risk Management and Internal Financial Controls

PROGRAMME FORMAT

Course duration: Not stated

Course Fee: Not stated

INTRODUCTION

Course overview

Financial Risk Management and Internal Financial Controls equips business leaders and finance professionals with the knowledge and practical skills required to identify, assess, manage, and monitor financial risks while strengthening internal control systems. The course focuses on risk mitigation, fraud prevention, financial governance, compliance, and effective control mechanisms that protect organisational assets and support sustainable business performance.

THE FINANCE LEARNING JOURNEY

COURSE OBJECTIVES

Learning objectives

By the end of the programme, participants will be able to:

01

BUILD THE FOUNDATION

- Understand the principles of financial risk management and internal controls.
- Identify and assess key financial and operational risks.
- Develop appropriate strategies for mitigating financial risks.

02

APPLY THE DISCIPLINE

- Design and strengthen effective internal financial control systems.
- Detect and prevent fraud, financial irregularities, and control weaknesses.
- Improve financial reporting accuracy, accountability, and transparency.

03

SUPPORT BETTER DECISIONS

- Apply risk-based approaches to financial decision-making.
- Strengthen compliance, governance, and organisational resilience.

TRAINING METHODOLOGY

Training approach

The training combines facilitator-led presentations, practical exercises, financial risk scenarios, case studies, group discussions, control assessment activities, and real-world business examples.

● Facilitator-led presentations

● Practical exercises

● Financial risk scenarios

● Case studies

● Group discussions

● Control assessment activities

● Real-world business examples

Participants will apply risk management and internal control concepts to practical organisational situations.
