

EXECUTIVE HUMAN CAPITAL PROGRAMME

Human Resource Analytics and Workforce Performance

PROGRAMME FORMAT

Course duration: Not stated

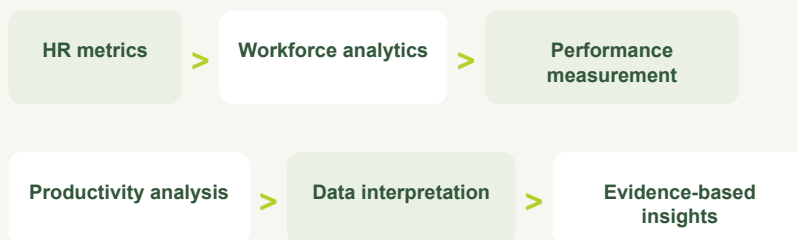

Course Fee: Not stated

INTRODUCTION

Course overview

Human Resource Analytics and Workforce Performance equips HR professionals and business leaders with the knowledge and practical skills to use workforce data for informed decision-making and improved organisational performance. The course focuses on HR metrics, workforce analytics, employee performance measurement, productivity analysis, data interpretation, and the use of evidence-based insights to strengthen talent management and business outcomes.

THE HUMAN CAPITAL JOURNEY

COURSE OBJECTIVES

Learning objectives

By the end of the programme, participants will be able to:

01

BUILD THE FOUNDATION

- Understand the principles and applications of HR analytics.
- Identify and use relevant workforce metrics and performance indicators.
- Collect, analyse, and interpret HR and workforce data effectively.

02

APPLY THE DISCIPLINE

- Measure employee productivity, performance, engagement, and retention.
- Use workforce data to identify trends, risks, and improvement opportunities.
- Develop effective HR dashboards and management reports.

03

SUPPORT BETTER DECISIONS

- Apply data-driven insights to workforce planning and talent decisions.
- Support strategic business decisions through evidence-based HR practices.

TRAINING METHODOLOGY

Training approach

The training combines expert-led presentations, practical data analysis exercises, HR case studies, workforce analytics scenarios, group discussions, dashboard development activities, and real-world organisational examples.

● Expert-led presentations

● Practical data analysis exercises

● HR case studies

● Workforce analytics scenarios
